Fetters' Hotel

Fetters' Hotel at Agua Caliente is now completed and furnished and the first meal was served in that place today.

The building is a magnificent one with its large porches and is designed in the old mission style. It is large, and from the county road stands out in beautiful detail to the passersby.

And when one enters the building there is no disappointment for before you is a large and spacious reception hall furnished in hardwood with comfortable mission chairs and deep cushions awaiting the tired traveler.

On your left is the ladies' parlor with deep brussells carpet and velvet furnishings, beautiful and an ideal place to while away a few hours in peaceful thought and a chance to view the beautiful paintings which have been received from England and placed on the walls.

On the right is the gents smoking room furnished in mission style with a large and beautiful fire place.

A few steps further back we find the large and commodious banquet hall where a hundred guests can sit down to a repast of the finest quality.

To the right of the banquet hall is the kitchen and here can be found a Hungarian chef working under a salary of $100 a month, ready and willing at all times to prepare appetizing dishes for the most fastidious.

The remainder of the lower floor is cut up in store rooms and pantries.

Upon ascending the stairway we meet with a large hall on the upper landing and there wander off through a maze of large and beautiful rooms furnished with large brass beds and heavy brussells rugs, ventilated and sanitary in every respect.

We also find on this floor a large balcony which furnishes to those seeking a cool and restful place an excellent view of the surrounding country as well.

Throughout the building sanitary plumbing and plenty of electric lights abound.

Water from Fetters' Mineral Springs is piped throughout the hotel.

The formal opening of these Springs will be in two or three weeks but possibly before that time the proprietors will invite a few friends and have a banquet and a general good time.

Work is being rushed on the bath house, the tank already being completed, and this structure will be finished also in very short time.

Be Cheerful

The shades of character, found in the human family, that are desirable, elevating and congenial, are a blessing to humanity. There are others that are the reverse, undesirable, degrading and unpleasant. Each different shade has its influence upon those in which it is found, either for weil or woe. The gentle, kind, lovable, congenial character sheds upon the community a pleasant, agreeable and benign atmosphere that creates contentment and satisfaction, which adds to the happiness of all who breathe it. They are those desirable persons who dwell in the "sunshine of life" who see only on the bright side of everything surrounding them, who dispel the gloom of disappointment, blighted hopes and discontent, whose presence in any circle of humanity is a blessing. This congenial character makes the desert places of life "blossom as the rose," and turns the dreary, unpleasant places of life into a delightful, invigorating oasis. It bears no malice toward anyone, but it manifests a loving, cheerful disposition that makes everything in life appear good. Such in the pleasant side of life and the side all should live in.

Indiana Temple

The Masons of Indiana dedicated their new $750,000 temple in Indianapolis May 24th, which they declare the finest building devoted to Masonry in the world. The temple is built of steel and stone, four stories high. The interior fixtures are of brass and bronze and the furniture, carpets and tapestry were especially made for the purpose. The temple contains two restaurants and many private dining rooms and is topped by a roof garden.

Board of Directors Meet

The Board of Directors of the Sonoma Valley Chamber of Commerce met in special session in the Sonoma Valley Bank last Friday evening and all directors were present excepting Director Prestwood, who was out of town.

A motion was made seconded and carried that the dues per member shall be $1 50 per quarter year, payable in advance.

The Secretary was instructed to have 500 membership cards printed and distribute them among the members, who are to get new members, to collect the first quarter's dues and turn same into the secretary, giving the intended member a receipt for the money collected. He was further instructed to write to cities of the same size as Sonoma having a Chamber of Commerce and to have them send a copy of their bylaws, the better to enable us to formulate laws and regulations in line with our sister cities

After considerable discussion it was decided to enlarge the number of the Board of Directors and the following were elected in due form: V. Bulotti, W. T. Clewe, S Ciucci, R. L. Watt J. F. Ryan, A. Fremont and L. L. Lewis.

M. E. Cummings, J. K. Bigelow, and O. R. Wagner were appointed a committee of three to appraise the value of certain pieces of property within the city limits of Sonoma. This being done upon the request of the State Board of Equalization.

It was decided to hold the next regular meeting in the City Hall at 4 p. m. today. No further business appearing the board adjourned.

California Fruit Shipments.

People in the middle and eastern part of the United States have no adequate conception of the immensity of the volumn of fruit shipped yearly from the orchards and groves of the Pacific Coast to supply their wants. Such is the opinion of C. M. Secrist, General manager of the Pacific Fruit Express Company, which handles all fruit shipped over the Harriman lines from California and other Western points. Although the company has only been in the field two years, it alone during the last year moved from the Pacific Coast 43,700 carloads of fruits of various kinds, and expectations for the present year are for a total shipment far in advance of that amount. In order to take care of the rapidly increasing volumn of business, the express company is contemplating during the coming year an expenditure of $1,250,000 for improvements, both in terminal facilities and in rolling stock.

Visited the Exposition

Twenty Southern Pacific Passenger Agents from all parts of the Pacific System visited the Alaska-Yukon-Pacific Exposition and were unamious in their praises of all that they saw. Its a wonder, unique among all similar expositions. It tells a big story to people of all this nation, true story of what there is to be found today in Alaska and the great Northwest. Every building ready on opening day June 1st and flags flying and bands playing just as they will continue until closing October 15th. Exposition as it stands represents investment of about ten million dollars. Forestry building made of monsterous timber from forests of Washington is most remarkable of all buildings while Alaska exhibit tells in detail of the country that has yielded two hundred and ninety six million dollars worth of products in past thirty years. Buildings and grounds remarkably arranged so that one can get about easily without weariness and all details most artistic in conception.

Advices have been received of the arrest at Buhl, Idaho, of F. W. Marvin, believed to be the fifth man wanted for alleged connection with the Union Pacific mail robbery near Omaha on May 22d. The arrest was made as a result of a clew obtained from Lillian Stephenson, the woman brought to Omaha from Denver with Shelton. Marvin is now in prison at Twin Falls awaiting action by the Federal authorities.

S. V. W. C. Meeting

At the regular social meeting of the Womans' Club, held last Friday, the ladies listened to a talk on libraries, by Miss Bertha Kumli, State library promoter. The ladies had also with them a guest, Miss Herman, of Ohio, who is cataloging the Petaluma Library for the State, and Miss Adele Burnett, of the Santa Rosa Library. Some of the gentlemen friends of the club were present and Trustee Wagnon made a speech, voicing for the City fathers their appreciation of the work of the ladies have done for the plaza and town, which it is needless to say was well received and much applauded. The Club will now take a vacation during the month of July.

Calhoun's Trial

Lawler has set the second Calhoun trial for next Monday. The defense is certain to interpose affidavits and motions. It is probable that the actual selection of the jury will not begin for some time.

Lawlor heard the argument on Henery's motion that the second Calhoun trial begins June 22nd. Moore for the defense objected, charging Judge Lawlor with prejudice and Heney as being an unfit person to conduct the prosecution. He charged that Heney never was appointed district attorney, he being a federal employee at that time.

A Strange Bee Malady

Fearful of disease, which has already killed hundreds of swarms in the vicinity of Fresno, the raisers of honey bees have asked Ralph Benton, head of the department of Agriculture of the university, to suggest a remedy. Joeb Christman, inspector of apairies of Fresno county, has put up a fight against the disease, but has announced that he is baffled by the strange malady, which threatens to exterminate all the bees in the vicinity of Fresno. Whether a germ disease or some tiny insect has attacked the bees the university authorities have not determined, but the plague is one of the most serious they have yet encountered. It attacks the bee in all stages of development, and differs from the ordinary malady which kills the larva just before being sealed up for the long sleep from which it evolves a full grown insect.

"Strictly Pure"

The United States is not alone in labeling its food as "strictly pure." A writer in the Strand Magazine quotes the following from a bottle of "Tonatoe Sauce" purchased somewhere in the Straits Settlements.

TORNATOE SAUCE

The sauce are pur. The flavor are terrific. Hope not think imitation as good fine as us sauce. We havnt put nothing but nice to natoe in sauce which gives us such fine terrific flavour. Once taste will have more.

Januwala & Co. Main Road.
Taiping Straits Settlements.

One of the curious evidences of oil in the neighborhood of Petaluma is the fact that in certain localities one can hardly put down a post hole, especially in wet weather, with out obtaining some evidences of gas and oil. At the time Mr. Seligman, of East Petaluma was improving the track he found numerons traces of oil which he had examined by Wm. Bauer of the Schluckebier Hardware Co. Mr. Bauer states that oil was very similar to hundreds of other specimens he has examined all along the Petaluma river and in and about Cotati, all of which appears to have a parafine base. In Mr. Bauer's opinion there can be no question as to the presence of oil along the river and it is only a matter of time when it will be developed.

Thanks from the Sisters

To all, individually and collectively who aided to insure the social and financial success of the Presentation Convent School entertainment, of the 15th. inst, the Sisters beg leave to tender their heartfelt and sincere thanks.

Nearly Drowned

While bathing at Boyes Hot Springs last Sunday, Victor Lundberg was taken with a cramp and and nearly drowned and had it not been for those present who rushed to his aid, he would have drowned. The Springs' barber, Mr. A. B. Cheffers, took him in hand and practically saved his life by his excellent and experienced methods of artificial respiration. The unfortunate fellow was finally taken to Cranes' Hotel in El Verano and Dr. Leix was called, who brought him to the Leix Santarium and gave him oxygen, bringing him around alright.

Falls Ten Feet

Yesterday morning while picking apples from a ten foot ladder, Mr. P. Olsen fell to the ground.

His grandson found him lying in a pool of blood and ran and called his mother and grandmother who carried him to the house on a stretcher and called Dr. Thomson, who found that he was suffering from internal injuries, a broken collar bone and injuries on the head.

Since his fall he has been out of his head and has been bleeding from ears and nose.

He is being cared for at his home in Buena Vista. As yet it is not known what caused the fall but it is supposed that he was over come by the intense heat.

Rehabilated Bank

Julius Rafael and W. J. Bartnett, have been working in New York for several weeks in an effort to rehabilitate the California Safe Deposit & Trust Company, of San Francisco, Which failed two years ago, with $9,000,000 deposits, recently made the announcement that they have concluded arrangements for the formation of a new company founded upon the old with a capitalization of $5,000,000. One million will be provided by New York capital and another by the stockholders of the old company. This, with the assets, will be sufficient to pay $1 for $1 of all liabilities. The new company will engage in real estate and loan business in San Francisco.

Struck by Train

Wednesday morning while crossing the Northwestern track on Second Street East with a horse and buggy Etienne Ondella was struck by the 10 a. m. passenger, and hurled 63 feet. The buggy was smashed completely and the horse was knocked down.

Mr. Ondella was immediately removed to Leix Sanitarium and it was found that he had been hit in the back over the region of the kidneys. He has lacerations all over the body and a sprained ankle.

He is still at Leix Sanitarium and his condition looks favorable, but he is a very sick man.

Dr. Jesse was here Thursday and made an examination for the railroad company. It is a wonder he escaped with his life as the train was going at a high rate of speed.

The same day his wife was successfully operated upon in Leix Sanitarium and is now getting along nicely.

Mr. and Mrs. Ondella are residents of San Franaisco and were up here for their summer vacation.

Try To Burn Fretters' Hotel

Saturday evening of last week some one tried to burn Fetters' Hotel at Agua Caliente, but failed in their scheme.

They saturated the floor and wall of the ladies' parlor with kerosene and made a pile of shavings and rags and saturated them as well. Mr Fetters was sitting on the porch of the farm house on the property and seeing a large blaze ran to investigate and arrived just in time to see the fire extinguished by some laborers, who had just returned to the building and who had been sleeping there.

The floor was burned through and the wall badly scorched. A saw horse was also used, probably to hide the light from the street and was a charred and badly burned affair.

The remainder of the night the building was closely watched and now there is a regular paid watchman Mr. Clark, of Glen Ellen, whose whistle can be heard hourly, informing the proprietors of his alertness and that all is well.

It will go hard with the miscreant if this is tried again as everyone about the place is ever on the alert and ready at a moment's call to reenforce the watchman.

Evidently some one has it in for Fetters' Springs and in their underhanded way tried to get even. But it's a poor way to get revenge as they will be caught in the long run.

Card of Appreciation

To Mrs. R. Hill, of Eldridge, the pupils of the Presentation Convent Christian Doctrine Class, of Sonoma, return sincere thanks for the beautiful Gold Medal she donated to them, especially those who merited it: Miss Gelia Dal Poggetto, Masters John Canevari, John Equi, Olivo Maffei, and Misses Lycett and Demartini. Miss M. Lycett was the lucky winner.

Issue a Fine Pamphlet

G. H. Umbsen & Co, real estate agents, have issued a large and beautiful pamphlet discriptive of the Hyde ranch. It is well printed and contains many illustrations, showing different portions of this valuable tract, Mr. Hyde acquired this property over thirty years ago and has been farming it wisely for over thirty years successfully. This well known firm will divide the tract in portions to suit purchasers and can make special arrangements whereby it will not be necessary to pay only a small percentage down and the balance later. This is an excellent opportunity to obtain a small tract of land, and start farming mid beautiful surroundings.

Sonoma Valley Burned

Wednesday evening in Antoch the schooner Sonoma Valley was burned with a cargo of benzine and gasoline.

Capt. Scheller had gone home and it is thought the schooner was burned through the carlessness of the crew. The schooner is a total loss and the entire loss is estimated at $10,000. No insurance.

The Sonoma Valley was built here two years ago for the fruit trade between Shellville and San Francisco and as it could not obtained enough fruit to carry to the city a contract was entered into with the Union Oil Company and since that time Capt. Shiller has been hauling oil on the Sacramento and San Janquin rivers.

Chas. Cutter is interested in the vessel and is one of the losers.

Lucy Caroline Hoddart

In Agua Caliente June 22nd occured the death of Miss Lucy Caroline Hoddart, aged 16 years and 8 months.

She has been sick for the past two weeks and it was thought that she would recover but a few days before her death she become suddenly worse and finally succumbed to the disease of heart failure. She leaves a mother, sister and brother and other relatives to mourn their loss.

Miss Hoddart attended the Sonoma Valley High School and was in her second year at that institution where she leaves a host of friends as well as everywhere in the valley who mourn with these left behind.

Funeral services were held today at 1 p. m. at the home of the deceased. Interment was on the home place beside her father.

The entire valley joins the EXPOSITOR in extending our sympathies to those bereaved.

Plan A Robbery

Michael Gardenker, seemingly is the victim of many unfortunate experiences. One day last week the young gentleman discovered a bee's nest which he greatly desired to come into possession of, being that his father of late has grown quite interested in "Bee Culture" he hoped it to bring down the paternal blessing by offering this specimen as a gift.

So at a later date he engaged the services of two young ladies, "His sister and somebody else's sister," and a friend of his just "imported" from Russia and the four planned a raid to rob the unfortunate bees of their habitation.

But the occupants of the hive stoutly resisted the attempt to rob them of their only possession and challenged the two young men to a duel descending with great force upon their defenceless heads.

The young ladies being "wise," as is the natural sex instinct, stayed at a safe distance thereby escaped injury.

The conversation that issued spoken in the mother tongue neither of the four seem willing to interpet but it is needless to say the two descended the tree with great rapidity, and wended their solitary way homeward, keeping safely indoors till the impress of the enemy had vanished.

Mike, his fond dreams shattered, has learned by said experience that hornets are often the inhabitant of bee hives and the Master of all Creation has furnished the humblest of Creatures with a method of self defense.

FROM AN OBSERVER.

Buena Vista Briefs.

Walter and Oscar Vitt spent Saturday and Sunday here.

Mr. and Mrs. H. Mullen and son visited Sunday here with relatives.

Mrs. B. Wicker, of San Francisco, visited Sunday at the Rufus home.

Mrs. Nelson and son, Oscar, of San Francisco, are spending their vacation with Mr. and Mrs. A. F. Nelson.

Mrs. Pepin and children spent a few days at the Pepin home this week.

Mr. V. Sotori spent Sunday at his ranch near here.

El Verano Notes.

Paul Vannucchi informs us that he will have his club house near Verano station completed about the latter part of July, and from reports we learn that it will be one of the best in the valley.

Parente Bros. have a force of men at work on their large banquet hall and will rush the work to completion.

Mrs A. C. Rosemond is on the sick list again this week. She has been suffering for some time with muscular rheumatism.

See Richard Jose and troupe at Boyes Hot Springs tonight.

Resorters are arriving thick and fast these days and most of the hotels are full to overflowing.

Boyes' Hot Springs

Boyes Hot Springs are running full blast and have large crowds.

There is a tented city of over 50 tents which are nestled among the trees and fitted up in nice style, electric lighted and lights on all the streets.

A number of the old buildings have been removed and lawns made where they stood. Water is being piped throughout the grounds.

A large building is being constructed and carpenters are very busy rushing it along. It will be a theatre and here one may while away hours of amusement.

New cottages have also been built this year and the whole property has taken on a decided look of prosperity.

GLEN ELLEN NEWS

A. H. Cuetbert, of San Francisco, was awarded the contract of the building of the new addition and repairing the district school.

Amy E. Poppe returned home last Saturday from Los Angeles where she has been attending the Cumnock School Elocution and expression.

School closes here today, the same teachers were again employed as they gave excellent satisfaction.

Clothing sale at The Racket Store

Apparently there are a number of thieves in the valley this year. Last week they stole Harry Lubbock's horse and on the same evening they tried to break in Dutil's. Mrs. Dutil heard the noise and got up and called her son, who took a couple of shots at the burglars in the dark He missed his mark, however, and they got away, leaving Lubbock's horse behind them There were quite a few attempts at robbery reported as well.

The station force at Shellville and the trainsmen on the S. P. running to that point enjoyed a banquet there today to which we were invited, but are sorry to say were unable to attend. It is needless to say they had a fine time and swapped a few yarns, because when that bunch get together there is always something doing.

All Around Crook Caught

Thursday morning the U. S. Bar was robbed in Santa Rosa of ten dollars in coin and jewelry. The police were notified and it was soon learned that a man had rented a room the night before and had not gone to his room until 5 o'clock Thursday morning and had been acting suspiciously. The officers went at once to his room and he was arrested and taken to the lock up on suspicion.

Constable Ryan had notified the authorities there to be on the lookout for a man who has been operating in this valley the past week, and had robbed the Lawrence Villa bar of $2 cash, the Swiss Hotel of a pair of pants, and other clothing and a dollar watch; the El Verano Villa barber shop of two razors, talcum powder, etc; and the Eagle Nest saloon at Agua Caliente of $12.50 in cash and a nugget stick pin.

Ryan was notified that they had a party there that looked suspicious and had new pants, so he went to Santa Rosa, taking the coat and vest to the pants along and matched them.

He brought the crook, who is a foreigner, and whose name is unknown, back with him and now has him in the city jail where he will be held awaiting the usual prehmineries.

Christian Endeavor Rally

The rally held last Sunday evening by the Christian Endeavor Society, of this city, was quite a success.

There was quite a few gathered for the sunrise prayer meeting at 5:45 a. m.

The afternoon session was not so very well attended, but during the meeting some of the questions vital to Christian Endeavor, were discussed. Lester Small spoke on "Temperance and Good Citizenship," while N. S. Hanna spoke on "Lookout and Social work." Discussion followed each paper.

In the evening session Lynn McQuiddy, the local president, gave a short introductory speech. Paul Brown as announced gave the principal address. He proved to all that the Christian Endeavor is doing great work in the world and needs to be encouraged by all. He told of Christian Endeavor in our lands and in other lands as well. He spoke of the coming State convention and the results that will come of such a large gathering of God's people. He hoped that the Christian work would prosper in Sonoma. Other questions pretaining to C. E. work was also discussed by this speaker.

Like meetings will be held from time to time and all are urged to attend, not only the special meetings, but the regular ones as well. *

Do You Feel Chilly, Then Feverish and Ache all Over?

Feel Worn-out, Blue and Tired? Have You a Fresh Cold, With Frequent Hacking Cough? Sensation of Soreness in the Chest or Back?

Don't let your case run into bronchitis, or some other obstinate and dangerous malady. The very best medicine to take in such a case is Dr. Pierce's Golden Medical Discovery. Made without alcohol or dangerous drugs, it contains that rare combination of native medicinal roots that will allay a cough (iron it out, as it were), restore the circulation, assist the appetite and digestion, and consequently restore tone to the entire system. That is the reason people look happy once more after taking it—they feel like living, because their liver is active, the blood in their arteries is full of that life-giving quality—rich, red blood. The blood in turn feeds the nerves.

Nervousness and neuralgia are only the indication that the nerves are not fed on invigorating blood. This "Medical Discovery" of Dr. Pierce is nature's own restorer. It 'ones up the organism and invigorates its functions, furnishing to the body one of its necessary constituent principles of which it is in need.

This preparation is of pleasant taste, agrees perfectly with rebellious and sensitive stomachs, and is extremely effective in restoring tone and vigor to the entire system. It cures troubles of the stomach and at the same time the blood-vessels are given such a toning up as to throw off a cold. One very good reason why it restores the health of run-down, pale and emaciated people is because it first throws out the poisons through the liver and kidneys. It then begins its reconstructive work in building up flesh and making good, rich, red blood.

"I have been a sufferer from indigestion for some thirty years, at times," writes Mr. S. W. Mullenax, of Circleville, W. Va., "and have used medicine from several of our best physicians, which gave me only a little temporary relief. They said I could never be cured. Last winter I was stricken with the worst spell that I ever had. I suffered with such severe pains in the pit of my stomach that I could neither work nor sleep, and my weight went down from one hundred and ninety-five pounds to one hundred and sixty pounds in about two months' time. I then concluded that I would try Doctor Pierce's Golden Medical Discovery. By the time the first bottle was gone, I felt some relief from my severe suffering so continued until I had used four bottles of 'Golden Medical Discovery.' I am truly thankful for the great benefit which I have received from your medicine, and can cordially recommend it to others."

It Stands Alone not only in respect to its ingredients but also as the only medicine for stomach, liver and blood disorders, which absolutely CONTAINS PURELY VEGETABLE AND PERFECTLY HARMLESS INGREDIENTS, WITH NO ALCOHOL.

It Stands Alone as the best alterative medicine, the makers of which take their patients fully into their confidence and tell them exactly what they are taking. This Dr. Pierce can afford to do, because his "GOLDEN MEDICAL DISCOVERY" is made of such ingredients and after a working formula that has thousands of cures to its credit, placing its merits above criticism.

It Stands Alone as Nature's cure for many chronic diseases and its ingredients are: Golden Seal root, Oregon Grape root, Stone root, Black Cherry bark, Bloodroot, Mandrake root, and chemically pure glycerine.

Remember, these are the ORIGINAL Little Liver Pills, first put up by old Dr. R. V. Pierce, over 40 years ago, and although much imitated, have never been equaled. Made of concentrated and refined medicinal principles, extracted from native American plants and roots, therefore purely vegetable and perfectly harmless. One little Pellet for a stomachic, or stomach and bowel regulator, three tiny granules for a cathartic.

Bank cashiers should be extremely alert to detect spurious notes at present, as counterfeiters have been more than ordinarily busy. Three warnings have been issued by the Treasury in as many weeks concerning the circulation of $2, $5, and $10 bills.

As a result of a partial pool recently formed by some of the honey producers in the vicinity of Fresno the California Farmers' Union has received a contract for twenty-five tons of honey in one block. The union has taken up this product now and it will be handled like any other. Honey is handled by several of the commercial packing firms doing business in Fresno.

Owing to the amount of material involved, Senator E. B. Martinelli, acting as counsel for Guiseppe Carlo Pia, of San Rafael, who was convicted by a Jury on March 30th for having assulted Miss Elizabeth Grapes has just filed his bill of exceptions in support of his motion for a new trial. Senator Martinelli and ex Senator J. C. Sims, associate counsel for the defense, are confident that their plea for rehearing will be granted, as the new evidence discovered by them is said to be sufficent to support their claim.

Two thousand visitors attended Colusa's big water carnival and "get-together" meeting and boosted for the development of Sacramento valley. The water carnival was an elaborate success in every feature and so was the big booster's meeting.

Judge Sturtevant cut the Gordian knot which was held up the salaries of Special Agent Wm. J. Burns and his deputies, by deciding that their claims for salary must go before the Board of Supervisors, individually, for approval, at the end of each month, before they may be approved by the Auditor and paid by the Treasurer. The decision appears not to have been a victory for either side in the controversy. If the Board of Supervisors, acting under the ordinance authorizing the employment of special agents, approves the claims, they will probably pass the Auditor's office. The contention of the district Attorney, however, that official acting as a questi-judicial officer, has power to finally approve demands by his employes, is not sustained.

Beware of Ointments for Catarrah That Contains Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system when entering through the mucus surfaces. Such articles should never be used except on prescriptions from reputable physicans, as the damage they will do is ten fold to the good you can possibly derive from them. The object of said action is as follows:—

1. To oblige the said Defendants to set forth the nature of their claims in and to said lands.

2. To obtain a decree of said Court, whereby all claims of said Defendants, all and singular, in and to said lands, adverse to said Plaintiff's ownership thereof, shall be determined.

3. To obtain a decree of said Court declaring and adjudging that said Plaintiff is the owner in fee simple of said lands, and that said Defendants, all and singular, have no estate in or to said lands, or any part thereof.

4. To have said Defendants, all and singular, by said Court, forever enjoined and debarred from asserting any claim whatever in or to said lands, adverse to said Plaintiff.

5. To obtain an award and allowance by said Court to said Plaintiff of his costs in said action, and to obtain such other relief as in the premises shall to said Court seem meet
